6) VC held on 28-02-2023

@@@@

As there is dire necessity of diploma students to Industry, the final year students need to be motivated/encouraged to opt for job after Diploma. The Department of Technical Education in recent times, as per directions of Government, taking various initiatives to fill the man power gap in Industry and time to time instructions were issued to Polytechnics to increase the percentage of placements. Accordingly a forecast of 5,303 placement requirements received from Polytechnics, out of 11,604 final year students of Govt. Polytechnics. However, in the review held on 28-02-2023 by Commissioner of Technical Education, based on the monthly compliance report of January-2023, received from RJDs, there is a wide gap between forecasted placements and achieved number of placements in Polytechnics.

As the month of March-2023 is crucial and to achieve the forecasted/committed target by Polytechnics, the CTE desires to review on target achievement regarding placement activities periodically i.e. weekly. It is

also decided that the Head of Sections of every branch in polytechnic should plan for placement drives immediately and should see that 50% of final year students of his/her concerned branch need to be placed in Industries. The Head of Section should note that no deviations allowed in achieving 50% of Placement of students of concerned branch. The necessary preparation of students for selection process is also important in achieving fixed target. The TPO of Institution should coordinate all placement activities by acting as SPOC between Industries and Polytechnic, and liaison between Principal of Nodal Polytechnic and cluster Polytechnics.

In this context, all the Principals of the Government Polytechnics under the control of CTE, AP, Mangalagiri, are directed to monitor placement activities, on regular basis, at Polytechnic level to achieve the targets in a mission mode. The format of weekly compliance report on placements should be submitted by every Polytechnic at weekend, is here with enclosed for necessary action. The weekly report in prescribed format in signed hard copy(PDF) and soft copy(Excel) to be submitted to lli.cteap@gmail.com without fail.

The receipt of this circular memo should be acknowledged.

Sd/- C. NAGA RANI
DIRECTOR

Encl: Weekly report format
